#### The Dean of Students

Dean E. L. Cloyd is the man at State College who has the job of looking after the students. In our estimation there is no better man qualified for the job. His fairness, truthfulness, and untiring efforts always for the general welfare of the student, has made him a friend of every student. This is the man that inspires the new men each year and teaches them the ways and methods of this institution through his talks to them. This is the man that receives a large number of the troubled students. This man is un-

doubtedly consulted more than any other faculty member.

In the dean's office is kept the record of every individual student. This office is the place to find your cuts; bring your excuses; place announcements. All scholarships and fellowships are placed through this office and all persons interested must seek the dean. The life history of every student, his room number and his picture can be found in the office of the Dean of Students.

The Dean of Students is in full charge of the Bulletin Board. The key to the board is kept in his office and no announcements can be placed in this board without consulting Dean Cloyd.

Dean Cloyd is Secretary-Treasurer of the Interfraternity Council. He looks after the money and correspondence of this council. Before any man can be initiated into any fraternity which is a member of the council, this office must be

#### The School of Agriculture

Dean I. O. Schaub has for years worked continuously in the development of the School of Agriculture. Today, after a generation of struggling, the school includes six important divisions. Dean Schaub has time and time again proven himself for this position. His clear and accurate mind has been exemplified by the many policies he has recommended and developed.

The purpose of the Agriculture School is: (1) To secure through scientific research,

experimentation, and demonstration accurate and reliable information relating to soils, plants and animals, and to secure from every available source reliable statistical, technical, and scientific data relating to every phase of agriculture that might be of advantage to our state; (2) To provide instruction in college for young men who desire to enter the field of general agriculture, or wish to become professionals in agriculture education or specialists in any field of science related to agriculture, and (3) to disseminate reliable information through publications and through extension agents, and through a wise use of this information to give instruction to the agriculture workers of the state in the scientific, experimental, and practical progress in the various lines of agriculture.

I. О. SCHAUB

Dean

#### The School of Science and Business

Benjamin Franklin Brown has been Dean of the School of Science and Business since its humble beginning and has been, primarily, responsible for its great success. The school has in a short number of years grown to be one of the largest schools of the institution. Under the masterly supervision of Dean Brown it attracts yearly to State College an increasing number of desirable students.

This school was established in response to the growing need for the application of

B. F. Brown
Dean

broader scientific and business methods to the expanding development of the state's resources. This increase in productive power of our people requires: (1) the widening of our markets as an outlet for our goods; (2) the improving of our methods of business management to reduce cost of production and increase net incomes, and (3) for further developing and improving of our system of banking and credit which is so essential to economical production.

It is the main purpose of the school to give men technical training in the various sciences which underly all modern industry and agriculture, and in the several fields of economic endeavor outlined above, in order that our resources of all kinds may be still better developed and the economic well-being of our people still further improved.

#### AGROMECK

#### The School of Engineering

Dr. Wallace Carl Riddick as Dean of the School of Engineering and as former President of this institution, occupies a niche all to himself in the annals of State College history. He has seen the college grow from a small struggling institution to the foremost college in the state, and all the time he has had a vital part in effecting this growth.

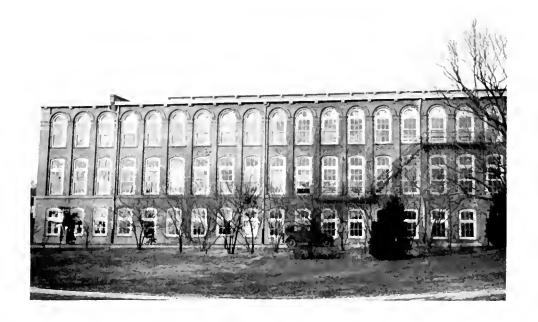

The School of Engineering is the largest school of the college. It is the largest and most completely equipped, and teaches more students than any engineering department in any institution of the state. Important research is in progress with its stimulating effect upon teachers and students and the Extension Service is ful-

filling its promise of usefulness.

The purpose of the School of Engineering: (1) to educate men for professional service in Aeronautical, Architectural, Ceramic, Chemical, Civil, Construction. Electrical. Highway, Mechanical, Mining, and Sanitary Engineering, and at the same time equip them to participate in commercial and public affairs and to develop their capacities for intelligent leadership; (2) to aid in the development of our commerce and industry through research and experimentation, to investigate natural resources and demonstate their value to the people of the state; (3) to cooperate with private companies, municipalities, and public authorities for the purpose of improving our public utilities, and with commercial and industrial organizations through scientific research and increasing technical skill, improving the value of manufactured products, and eliminating waste.

W. C. RIDDICK

#### The Textile School

In 1925 the Textile Department was expanded into one of the six major divisions of the college. The department was organized in 1900. Since Dr. Thomas Nelson, in the position of Dean of the Textile School, has worked for the development of this school and has primarily been responsible for its greater success.

The purpose of the Textile School is: (1) to promote the textile interest of the state by giving instructions in the theory and practices of all branches of the textile in-

THOMAS NELSON

dustry; (2) to cooperate with the textile mills of the state in securing, through scientific research and experimentation, reliable data pertaining to the industry; (3) to educate men for professional service in Textile Manufacturing, Yarn Manufacturing, Weaving and Designing, Textile Chemistry and Dyeing, and at the same time develop their capacities for intelligent leadership so they may participate in public affairs; (4) to demonstrate the value of economic diversification and to aid in the development of the Textile Industry through research and experimentation.

Students are prepared to fill such positions as: owners of mills, secretaries and treasurer, managers, superintendents, foreman designers, textile chemists, purchasing agents, and salesmen of textile products.

#### AGROMECK

#### The School of Education

Thomas Everett Browne is director of instruction for the School of Education. Under his direction the scope of the curricula of the school has been enlarged to give women advantage of the opportunities offered by the teaching profession. Professor Browne is also Director of the Summer School.

The objectives of the School of Education are: to prepare principals and teachers for the rural and urban high schools, especially those preparing to teach subjects which

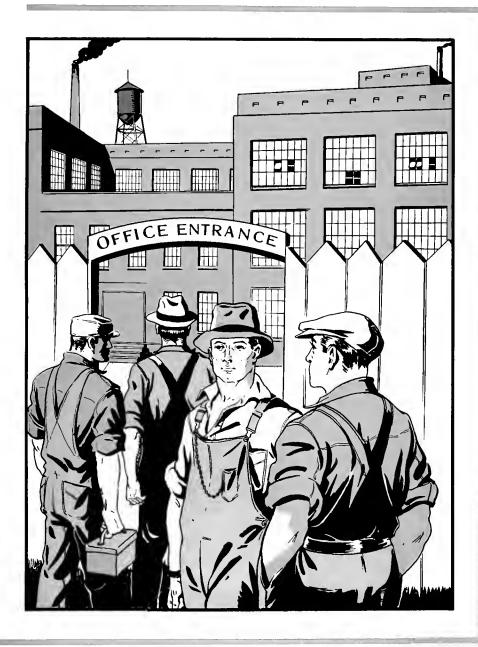

relate themselves peculiarly to rural life; to training teachers of vocational agriculture to meet the growing demand in the state for men to teach agriculture in the rural schools; to prepare persons to teach industrial arts in the junior and senior high schools, and to meet the demand for persons to help promote the vocational education program in trade and industrial education; to train teachers and counselors in vocational guidance; to train teachers of commercial subjects; to prepare teachers and directors for the rapidly developing field of Physical Education with a view to remedying physical defects and to promote wholesome recreation and sports; to give women advantage of the broad opportunities offered by the teaching, research and extension services suitable to their needs; to produce better students.

Tompkins Textile Society; Leazar Literary Society,

Let's turn back the calendar and review the events of our college days.

Sept. 20, 1929. Six hundred twenty-six red-capped, hopeful freshmen are welcomed to State College by J. P. Choplin, President of the Student Body, who, addressing them, says, "I wish to extend a hearty welcome to the class of '33. Each year new men come to State College to take the places of men who have gone on to other work. It gives me great pleasure to see new men come to State College with high ideals and ambitions, and I sincerely wish each

man great success in materializing these ideals and ambitions." We are those red-capped freshmen, our four years of college have begun.

Sept. 21, 1929. It has been today reported that five freshman co-eds have purchased freshman caps.

Sept. 28, 1929. Today's *Technician* informs us that there has been an increase in enrollment of 193 students over this same time last year.

Sept. 28, 1929. Sigma Pi fraternity completes the first house to be built by a social fraternity at State College.

It is believed Ed King will demand onethird of the profits.

Dr. R. O. Moen has added another laurel in his crown with the issuance of his "Diet and the College Student." It has been thought for quite a while that Dr. Moen had something on his mind

besides a hat, but considerate gossipers would not disseminate the news for fear of shocking the college.

"Eat a sufficient amount—not too much, not too little," writes the professor in his peculiar concrete style. "Don't call a chocolate bar a meal—it isn't."

CAPTAIN ESPEY

VARSITY SQUAD

#### 1932 Football Resume

Under the second year of Coaches John P. "Chipper" Smith and Frank Reese's direction, the 1932 Wolfpack had the best season since 1927, winning six games, tying two, and losing one.

The season opened with a victory over Appalachian, followed with a close win over Richmond University. The successive week-ends saw State capture a thriller from Clemson, draw with Wake Forest, and win from Florida. Then came the game with Carolina.  $\Lambda$  somewhat tired and overconfident Wolfpack journeyed to Chapel Hill to be beaten for their only loss of the season. The next Saturday State defeated the Davidson Wildcats in Charlotte. The Wildcats were at their peak, and led by virtue of a field goal until near the end of the game, when a Davidson punt was received in State's territory and carried through the entire Davidson team for a touchdown. The final game against a North Carolina team saw the Wolfpack win from the Duke Blue Devils on Riddick Field. 15,000 spectators, equally divided as to favorites, braved cold weather to witness this game. The Smithmen, early in the game, showed that they were in good form, and were the aggressors throughout the contest. Not once did Duke advance the ball beyond the 50 yard line. To those that saw the game it was a thorough and convincing victory for State. Thanksgiving Day, the Wolfpack and the Gamecocks of South Carolina played to a tic, before a large crowd. South Carolina had a heavy and quick starting team that performed especially well during the first half. The second half saw State come back and tie the score.

Three of the Wolves were leading candidates for positions on the 1932 All-State team. "Mope" Cumiskey was the unanimous choice for fullback. Capt. "Red" Espey made every All-State selection except one, and also received honorable mention for Colliers All-American. John Stanko was a leading choice for All-State guard. Other wolves were prominently mentioned.

Coaches "Clipper" Smith and Frank Reese are graduates of Notre Dame, where they played under the late Knute Rockne.

## Appalachian

North Carolina State College's Wolfpack opened their 1932 football season by beating the Mountain Bears of Appalachian 38-0 on Riddick Field in a night game before five thousand fans. The Wolfpack after being held scoreless in the first quarter, broke lose and scored six touchdowns and two extra points in the remaining periods. In the first quarter, Appalachian advanced the ball on two occasions to State's 20 yard marker, but each time the Wolfpack's defense stiffened and held for downs.

Midway of the second period Allen Bailey took a short Appalachian punt on the visitors 34 yard line and returned it to the 20 yard line where, on the next play, he tossed a pass to Boh McQuage who stepped over the goal for the first score of the season. McQuage's place-kick for the extra point was good.

Here "Clipper" Smith sent in a backfield composed of Don Wilson, quarter; John Komlos and Robert McAdams, halfs; and Ray Rex, full. In a short while this

In a short while this combination had scored two touchdowns.

Don. Wilson returned the opening kick-off of the second half 25 yards to the midfield. State gained 22 yards on the exchange of punts, when Lewis's kick was good for only 14 yards. In a few plays Rex and McAdams carried the ball to the 2 yard marker where Adams bucked it over. Rex made the final score on a line buck.

CUMISKEY

#### AGROMEC

#### Richmond

The N. C. State Wolfpack subdued the Richmond University Spiders 9-0 by scoring a touchdown and a field goal in the last quarter, after having been outplayed during the first three quarters.

The game was played at Richmond before a crowd of five thousand fans, many

of them State College Students.

State's touchdown came after a 34 yard march, in which speedy backs circled the ends and plunged through the Richmond line. Rex made the touchdown by smashing through the line.

With another kickoff, the Wolfpack advanced to the 30 yard line and attempted a field goal from placement, but it failed. They tore at the line for two yards, and McQuage's second placement attempt for fieldgoal was good.

State's last quarter comeback came as a surprise to the Spiders, who during the

first half had staged two drives that barely failed.

Near the middle of the first period, Doly, Richmondquarterback, intercepted a State pass just past midfield. A combination aerial and line attack took the ball to State's 20 yard line, but State held for downs and punted out of danger.

Both teams made seven first downs; most of State's coming in the third and fourth quarters.

Rex

STROUPE

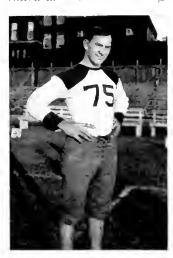

#### Clemson

Ray Rex, gigantic Wolfpack fullback, ran 102 yards for a national record and to score a touchdown that featured the 13 to 0 win over Clemson's Tigers on Riddick Field.

N. C. State's win over the Clemson gridders was the 'Pack's third straight victory. The thrill of the afternoon came when the 200 pound Rex intercepted a pass hurled by Miller of Clemson and ran the length of the field. Rex shook off Woodward, for whose hands the pass was intended, and barely outdistanced Miller who threw it.

State only once was able to get a sustained offensive under way, a drive of 33 yards in the last quarter ending with a touchdown by "Mope Cumiskey," starting fullback. Clemson never got enough punch to score, but the Tigers played hard

DUKE

McQtAGL

and several times forced State deep into the Wolfpack end of the field. Near the end of the game Clemson cut loose with several long passes, but State's backs either battered them down or intercepted them. Some 6,500 people sat in ideal football weather to watch the contest.

# AGROMECK

#### Wake Forest

Coach "Clipper" Smith's Wolves and Pat Miller's Deacons played before a 12,000 Fair Week crowd to a scorcless tie.

Zeno Wall, little dynamic general of the Wake Forest eleven, took the stage center for the day with a 27 yard run when he circled right end, Ray Rex, Wolfpack speedy fullback, made the second longest run of the game when he gained 17

yards on an off tackle play.

Wake Forest made eight first downs and State five; attempted eight passes against the Wolfpack's nine. State did not complete a pass and Wake Forest completed one for ten yards and intercepted one. The Wolves punted ten times against the visitors twelve to average 36 against 29. The Deacons gained ten yards by return of punts while the Wolves gained 43. Yards gained from scrimmage gave the Deacons 143 and the 'Pack 122. State and Wake Forest received penalties of 30 and 35 yards respectively.

In the first quarter Lawhorn fumbled one of Greason's punts which Nelms recovered for State, giving us the ball on the Deacons 33 yard line. State was unsuccessful with line plays, and a pass on the fourth down, McQuage to Bohannon, was ground over the goal line.

State failed to convert two good scoring chances into touch-downs when she failed to complete passes.

SEITZ

#### Florida

N. C. State Wolfpack garnered their second Southern Conference victory by beating the University of Florida, 17-6, in a game played at Tampa.

Most of the first period play was a punting duel and the quarter ended with the ball in midfield. In the second period, the 'Pack ran the ball over for its first touchdown. Rex made seven yards on two attempts at the line. Roy snagged a 17 yard pass from McAdams and scampered over the goal line, unmolested.

After the kick, the 'Gators drove the ball to State's one yard line, but were

unable to shove it over.

A fifteen yard penalty in the fourth period gave State the ball on Florida's 12 yard line and from here, Cumiskey drilled through the line for the touchdown.

In the same period the 'Pack tallied its field goal. Ray Rex intercepted a Florida pass and ran it to the Florida 12 yard line. Three plays failed and McQuage

dropped back to his 18 yard line and kicked the field goal.

Tommy Lane, 'Gator left guard, paved the way for Florida's touchdown when he recovered Bailey's fumble on the Wolfpack's 45 yard line. Rogero, Slotz, and Nove drove it to the 38 yard line and Dorsett's pass to Rogero was good for 20 more. Rogero cut through right tackle for the touchdown.

GREASON

STANKO

#### AGROMECK

#### Carolina

The University of North Carolina's Tar Heels put the greater in the Greater University when they defeated the State College Wolfpack by the score 13-0 at Kenan Stadium, Saturday, October 29.

It was Carolina's first victory this season and the Wolfpack's first loss.

The Tar Heels scored their first touchdown late in the second period when Barelay intercepted McQuage's pass on State's 20 yard line. McCaskill and Thompson brought the ball up to the five yard line and finally Thompson carried it over for a touchdown. Lassiter kicked the extra point for the Heels.

Carolina's second touchdown came as a result of an advance which began at their own 30 yard line. Thompson and McCaskill were again instrumental in bringing the ball to State's 42 yard line. The quarter ended and Coach Collins sent in a whole new Carolina team. Daniels ran 20 yards on the left side of the line for the longest run of the day. Espey threw Phipps for a loss, but on the

next play Phipps passed to Chandler for a 20 yard gain. On the following play Phipps skirted right end for a touchdown. The try for extra point was blocked by Daugherty.

Mope Cumiskey, big fullback, and Captain Red Espey, center, were the main performers in State's play. Cumiskey bore the brunt of the attack and on defense he and Espey were the leading lights for the 'Pack.

BUCHANAN

#### **Davidson**

The Wolfpack won their fifth game of the season when they defeated the Davidson Wildeats at Charlotte 7-3.

All the scoring was done during the last quarter on spectacular playing on both sides.

On the opening play of the fourth period, Bruce Peabody booted a field goal and the Davidson's supporters settled back contentedly to see the kickoff. Roscoe Roy then pulled one of football's most glamorous plays. He received the kickoff on his 10 yard line and threaded through the Wildeat eleven 90 yards to a touchdown. Bob McQuage kicked the extra point.

In the first half neither team had the ball within the other's 20 yard stripe, but the Wolfpack rolled up five first downs to Davidson's two.

In the third period Davidson had the ball on State's one foot line and four downs to make it in, but Mackorell fumbled when tackled by Espey and State

recovered.

McQuage punted to Davidson's 41 yard line and on the next play Morgan caught a pass from Mackorell for a first down on the 21 yard line. Mackorell and Wilson made it first down on the five yard line. Three plays added three yards as the quarter ended. Peabody then booted Davidson's placement which set the Davidson's stands wild.

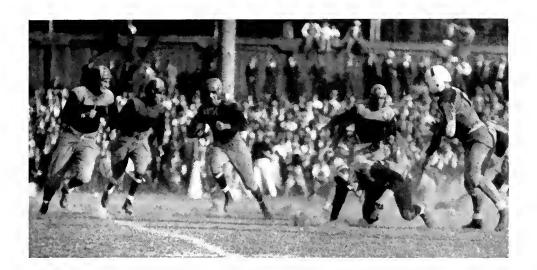

Roy

### AGROMECK

#### Duke

Completely throttling the Blue Devils' offense and turning loose a running attack for consistent gains, the Wolfpack won over Duke with a superior exhibition of football that neither the score nor the statistics completely shows. Duke did not get past midfield on offense.

About 15,000 fans shivered in the stands while Clipper Smith's eleven continually

threatened the Duke goal line.

In the third period Cumiskey intercepted a pass thrown by Rossiter and carried it to the fifty yard line. State was unable to gain through the line and Greason kicked to Duke's two yard line.

Standing behind his own goal line, Rossiter punted, but Wilson carried the ball to the 33 yard line. Roy made first down, McAdams got two feet; Roy six yards; Cumiskey three; and on the fourth down Cumiskey fumbled and Rogers recovered for Duke. Mason fumbled on the first play and Cumiskey recovered for State.

McAdams went around right end for five yards, Roy picked up six for first down. Roy earried the ball to the one foot line. Cumiskey and Roy hit the line for no gain and then Cumiskey took the ball over for a touchdown. McQuage failed in the try for the extrapoint.

McQuage was the only State substitute, and McAdams gained more ground than the entire Duke backfield.

Komlos

McAdams

#### South Carolina

Allen Nelms, playing his final game for State, gave the fans something to remember him by, in the Thanksgiving game with South Carolina, when he fell on a fumble behind the South Carolina goal line and scored State's touchdown.

Nelms chance to score came when Ray Rex fumbled as he dived over the goal line as the culmination of the 'Packs 44 yard march. Bob McQuage kicked the extra point which enabled State to get a 7-7 tie with the Gamecocks.

The Gamecoeks had the better of the Play in the first two periods. They staged a drive of 51 yards for a touchdown and extra point. During the last two periods, the Wolfpack showed the punch they had in the Duke game and continued an attack that netted a touchdown and extra point in the final period.

The South Carolina touchdown was made by Clary, the star of the visiting backs, when he shot through the line as the climax of the best drive the Birds displayed during the afternoon. Wolfe kicked the extra point.

#### 1933 Basketball

The 1933 Red Terrors under the able coaching of Dr. Ray Sermon won twelve games and lost six, finishing third in the state race. In the Southern Conference Tournament, held for the first time in Raleigh, State lost to Washington and Lee in a heetic contest by the score of 35-34. Gilbert Clark was selected as All-Southern Conference Gnard as a result of his brilliant playing. Ralph Johnson, one of the best floor men we've seen played consistently in every game. Players finishing their college basketball days this season are Clark, Johnson, Nelms, and Beaghen.

The freshman team won the State Championship, losing only to Duke. Led by Flythe, Aycock, Womble, and Hockfield, the Little Terrors averaged 42 points per game. With these men on the varsity next year, the Red Terrors should prove themselves to be of championship calibre.

#### AGROMEC

The State Basketeers had a successful season this year winning eleven of the eighteen games played. The Terrors finished the season with a Big Five percentage of .500 and a Southern Conference percentage of .600. In the Southern Conference Tournament play, State was eliminated by Washington and Lee 35-34.

State opened the season by defeating Atlantic Christian College 50-38. This game was played during the Christmas holidays.

The Terrors took a trip to the National Capital and lost two close games. The first night State lost to George Washington 34-29. Beaghen, with nine points, and Rex, with six, featured State's offense.

The following night a close game was lost to Catholic University 26-23. Jay led the Terrors with six points Rex and Clark, guards, tied for runner-up place with five points.

In the first home game of the season, the Red Terrors swamped Furman University by a score of 34-14. First half play was close, State holding a lead of 11-8 at the end of the initial period. In the last half State put on steam to score 23 points meanwhile holding Furman to six. State's scoring was well divided, seven players taking turns at boosting the total. Jay was high with seven points; Beaghen and Johnson were close behind with six each.

State next defeated V. P. I. 46-18 in a game played at the Frank Thompson Gymnasium. Johnson, Jay, Beaghen, Clark, and Nelms started for State and exhibited beautiful pass-work to run up the score. Rex and Johnson led the scorers with ten points each, but all the way through team work featured State's offensive. Captain Hall starred for the visitors.

CLARK NELMS McQUAGE

The Carolina-State game, played in the Tin Can, marked the Terrors' first appearance in Big Five circles and it was an unsuccessful one. Scoring laurels for the Tar Heels went to Hines and Weathers, both All-Southern forwards, with ten points each. Honors for State went to Partel and Johnson with six points each.

The Cagers lost their first game with Duke 36-29 in the college gymnasium before a large crowd.

After the first three minutes of play, State came to life and turned what looked like a one-sided affair into a spirited game.

State had their most successful spurt of the season when the Cagers invaded Virginia and won four straight victories.

The Techs averaged close to forty points per game in their invasion of the Old Dominion. They trounced V. P. I. 45-25; Washington and Lee 39-37; V. M. I. 39-24; and the University of Virginia 31-27 on successive nights.

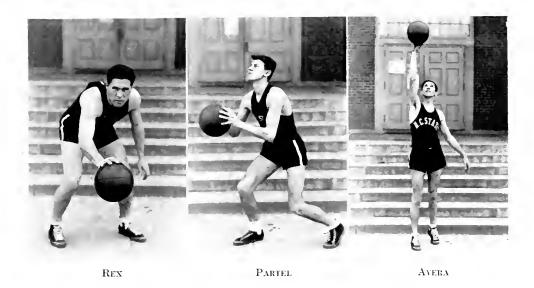

Ralph Johnson led the State scores by banging up 36 points, an average of nine points per game. Bob McQuage was second high scorer with 30 points, followed closely by Partel, who had 27, and Beaghen with 25.

State returned from their Virginia trip to lose to Wake Forest 23-19 in a game played in the Memorial Auditorium. The Wake Forest defense throttled the Pack's threats with the exception of Clark, who scored 12 of the 19 points made by his team.

The Red Terrors defeated the Davidson Wildcats 39-16 in a game played at Charlotte. The first half was a close struggle but the Terrors pulled well in front during the second period.

Beaghen with eleven points and Jay with nine led the scoring for State. Dickerson, Davidson, center, was best for the Wildcats getting seven points.

### AGROMEC

#### South Carolina

The South Carolina Gamecocks kept their record perfect by defeating State 49-25 in a game played in Columbia.

The South Carolinans got off to an early lead and were never headed by the Terrors. At the close of the first half the Gamecoeks were in front by a 32-12 count.

Clark led the Red Terrors scoring, caging three field goals and four free throws. His baskets came from long range and produced features of the event.

Henderson and Benny Tompkins featured the general play of the Gamecocks. State handed Duke's Big Five champions a 40-28 defeat for the Blue Devils first setback of the season within Big Five ranks.

Trailing at one time in the first half by 15-4, State came back in this period to cut the Blue Devils first-half margin to 18-15.

In the second half play the Terrors soon tied things at 20-all and then proceeded to go in front, never to be headed again.

The Red Terrors evened the count with Wake Forest by defeating the Deacons 25-22 in a game played at State.

The game wasn't an exciting contest, although the victory margin was a slim one.

Gilbert Clark and Bob McQuage played brilliant ball for the Techs. Captain Owen was the mainspring for the Deacons.

State was hot enough in spots to defeat Davidson 35-23 in a game played at Raleigh.

Gilbert Clark stole playing honors for the game. He took the ball off the backboard, dribbled expertly and, in addition sank four field goals and one extra point.

Dickerson, Davidson center, did some good jumping. Although several inches under six feet, he pushed State's tall centers for the tip.

The Carolina Tar Heels piled up a large enough lead in the first three-fourths of the game with State to gain a 35-28 victory despite a great rally by the Techs in the last ten minutes.

The game played before a large erowd in the Frank Thompson gymnasium, closed play in Big Five circles.

Frank Parel and Ray Rex, substitutes, were the big guns in the late rally produced by State. Hines, Carolina captain, led the scoring with 11 points.

Brown, Co-Captain Elect

VARSITY SQUAD

#### 1932 Baseball

N. C. State's 1932 Baseball team had a fairly successful season. Its Big Five record showed four wins and four losses. The Wolfpack defeated Davidson twice and Duke and Carolina once each; lost two to Wake Forest and one each to Duke and Carolina.

Our early season games were played with professional teams who were training in the state. Of the four games played with professional teams, the Wolfpack defeated Raleigh and Henderson and lost to Jersey City and Williamsport.

State's team was more impressive than its record indicates. Brown, Duke, Fuller, and Lanning played sensational ball all the season. Lanning reached his height when he held the strong Duke club to two hits and at the same time collected two hits himself.

DUKE

LANNING

WOOD

#### Wake Forest—Duke

State lost its first Big Five baseball tilt to Wake Forest, 5-2, in a postponed Easter day contest.

Wake Forest scored three runs in the initial frame which won the game for them.

Lefty Barnes, who has become a jinx to the Staters, allowed two singles in the sixth and aided by erratic support, it looked as if State might get into the win column during the stanza. Barnes tightened and retired the side without any damage being done.

Behind stellar pitching by John Lanning, the Doakmen defeated Duke 3-1 in a game played at Raleigh. The game was one of the fastest ever witnessed here, being reeled off in 75 minutes.

It was the first setback in college baseball for Duke's ace hurler, Bobby Coombs, a junior and nephew of Duke's coach.

Duke got just two hits off Lanning, both of these coming inside the first three innings. Thereafter the State right-hander mowed the Dukemen down as fast as they came to the plate, not a Blue Devil reaching first.

FULLER

#### Davidson—Carolina

The Teehs scored three runs in the tenth inning to defeat Davidson 5-2 in a game played at Davidson.

The Wildcats tied the score 2-2 in the ninth on two errors and an infield hit. In the tenth, Pearce passed one, errored two bunts in succession and then allowed two singles for three runs and the State victory.

Lanning allowed five hits while the Staters collected six off Pearce.

The Wolfpack field the count at six all, with a five run rally in the ninth, and then pushed over a run in the eleventh to defeat Carolina 7-6 in a game played at Raleigh.

With two away in the eleventh, Jimmy Brown doubled to right field. The blow

Morris

was apparently good for three bases, but in rounding first, Brown pulled a leg muscle and was barely able to reach second. Nelms took his place on the keystone sack from where he scored the winning run on Fuller's single.

Brown

Co-Cantains-Elect

FRESHMAN SQUAD

#### Davidson - Wake Forest - Duke - V. P. I. - Carolina

State had an easy day defeating Davidson 16-2 in the return game played in Raleigh. It was a one-sided affair and gave the Techs a chance to show their ability in sprinting and long distance running.

"Snoozy" Morris proved to be the star of the game as he clouted out two homers, but he was followed closely by Brown with three blows to his credit. Morrison, of the Wildcats, had a good afternoon getting three singles in as many times at bat.

Wake Forest with "Lefty" Barnes pitching did the usual thing and beat State 8-1 in a game played at Wake Forest. It was Barne's second win over the Techs for the season.

Allen Nelms scored State's run. He beat out a grounder to first, went to third on Duke's single, and scored on Jimmy Brown's single.

Monk Joyner, Deacon first sacker, was the star batsman of the game getting two homers.

Duke defeated State in the return game played on the Duke campus 9-2.

Lanning hurled the first five innings and gave up seven hits and four runs. He was relieved by Seitz who touched for six hits and five runs during the remainder of the game.

Flohr, Duke sophomore southpaw, kept State's ten safe licks well scattered. He struck out 11 men and at bat hit two singles.

Bob McQuage made a spectacular eatch of Mitchell's line wallop near the right field fence to rob Mitchell of a sure homer.

State had come from behind to defeat a scrapping V. P. I. team 7-5.

The Techs were four runs behind when they scored five runs to wipe out a 5-1 lead of the Gobblers. To make the game a bit safer, State pushed over another run in the eighth.

Carolina defeated State 9-7 as the schedule for both teams was brought to a close,

State out hit Carolina 6-4, but didn't hit when it counted most. One of the Heels hits was a home run by Brandt in the first inning with two men on the sacks as a result of walks.

Dunlap and Weathers played stellar ball for Carolina while Brown and McQuage were best for State.

# MINOR SPORTS

CAPTAIN CHARLEY GARNER, Boxing

VARSITY BOXING SQUAD

#### 1933 Boxing Resume

The 1933 season was the third for the State College boxers and the first under the tutelage of Bill Beatty; but regardless of the facts that the sport is one of the youngest at the institution and under a new coach, the 1933 team went through a raher successful season and placed one man as Southern Conference champion. This man was Bill Dunaway, undefeated junior middleweight, who scored two knockouts in his march to the title at the tournament held at the University of Virginia, March 24 and 25. Coach Beatty deserves a great deal of credit for the record the team made the first year under his coaching, especially since most of the fighters were sophomores and inexperienced. The regular season consisted of six dual meets, and this was followed by the tournament in which the following men were entered: 115 pounds, Bilisoly; 125 pounds, Nease; 135 pounds, Sauls; 145

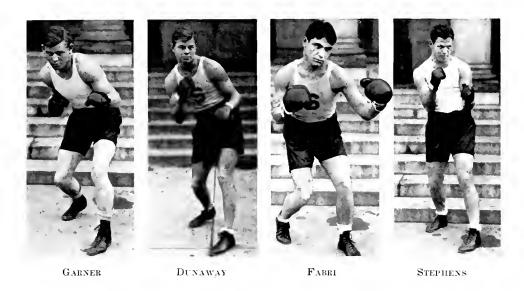

BEATTY Coach

MEIKLE Manager

pounds, Garner (defending champion); 155 pounds, Dunaway; 165 pounds, Fabri; 175 pounds Hull; unlimited, Stevens. Of these, Dunnaway won the title in his weight and Captain Charlie Garner advanced to the semi-finals to give State third place with eight points. The teams' record for the regular season was two meets won, one lost, and three tied. Only Hull and Hall will be lost to the squad by graduation.

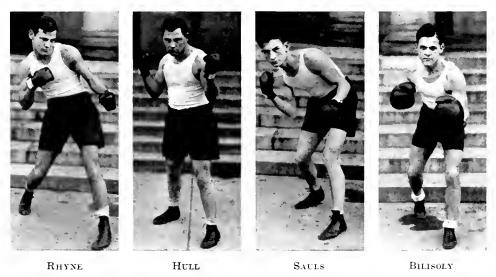

#### A G R O M. E C K

#### 1933 Boxing

The prospects for a successful season were dimmed at the outset when State journeyed to Lexington, Va. and came away on the short end of a 5-3 score in a dual meet with the Washington and Lee Generals. Washington and Lee won the first three bouts, the Techs took the next three, and then the Generals took the final two to win. The feature bout of the evening was between Captain Charlie Garner and Mincher which went an extra round before Garner won the decision to revenge his only loss of last season. Dunaway and Fabri turned in States other wins.

The Techs second meet, with North Carolina, resulted in a 4-4 draw. Most of the bouts, except three which ended in knoekouts, were close. Bilosoly, Garner, Dunaway, and Fabri turned in States wins, Dunaway by a knockout over Berke in the second round.

FRESHMAN SQUAD

#### 1933 Boxing

Another draw, this time with Duke, was the order for State's third meet, held in Durham. Two sophomores, Bill Dunaway and Jack Fabri, turned in technical knockouts for the Tech leather pushers. Dunaway finished Norman Ross after 40 seconds of the second round in the 155 pound class and Fabri polished off Artic Ershler after 40 seconds of mixing it up in the third round of the 165 pound fight. It was the third consecutive win of the season for each.

State's first win of the season was scored in the Frank Thompson gym, February 4, at the expense of the University of South Carolina Gamecocks by the close margin of 4 1/2-3 1/2. More than 3,000 fans crowded the building to witness the bouts. The Wolfpack boxers sewed up the meet in the 175 pound class when Joe Hull drew with his South Carolina opponent, giving State a score at the time of 4 1/2. Bilosoly, Nease, Garner, and Dunaway turned in State's four wins.

The techs drew for the third time in the 1933 season when they fought the V. P. I. Gobblers in Blacksburg, Va., February 11, to the score of 4-4.

State closed their regular boxing season with a bang. They, in reality, "banged" their way to a decisive win over the University of Georgia Bulldogs in the Frank Thompson gym on Saturdauy, February 18, and when the fireworks had ceased, the Wolfpack pugilists were sporting a 6 1/2-1 1/2 win. Bill Dunaway, undefeated Tech 155 pounder, kept his record clean, but was forced to fight three rounds with Captain Jack Sullivan. Dunaway gave the scrappy Georgia captain a good lacing and sent him down for the count of nine in the second round, but Sullivan was sticking in the fight gamely at the final bout. Kenneth Stevens scored the only knockout of the evening when he finished Bennett of Georgia in the quick time of 65 seconds of the first round. Stevens opened the round by knocking his opponent through the ropes.

#### AGROMECK

#### 1932 Swimming Team

Swimming made its appearance on the campus as an intercollegiate sport because of the efforts of an enthusiastic group of students. The team was unusually successful for the first season, completing the schedule without losing a singled dual meet, and winning easily from the Raleigh Y in their first encounter. They were nosed out of first place in the State-wide Meet by Duke by a score of 57-48. Later in the season the team won a decisive victory over the Duke team in a dual meet in the State pool by the score of 54-38.

The members of the first State College swimming team were: W. Moorman, F. A. Carter, W. W. Shepherd, H. S. Dinklespiel, Jack Stonebanks, Romeo LeFort, John Shinn, Frank Kulm, Clarence Cone, Armfield Leinster, R. C. Bagby, A. B. Campbell, W. Woodley, Bart Streb, and H. H. Murray.

This group also inaugurated water pole and were victorious over Duke in their attempt at the game. The game proved extremely interesting to the spectators and many exciting games are prophesied for the future.

The eollege is fortunate in possessing a beautiful 25 yard pool; a regulation size for competitive swimming. If future years can be judged on the success of the first year, swimming will earn a permanent and important place in State College athletics. Professor Joe E. Moore was appointed coach last year, and he has contributed a great deal of valuable service.

#### 1933 Wrestling

After a year in discard, wrestling was reinstated for the 1933 season. Matches were scheduled with six Southern Conference teams, and strong opposition was expected. The teams met were: Washington and Lee, January 12; Carolina, January 16; V. P. I., February 4; V. M. I., February 11; Duke, February 16; Davidson, February 25; the only "Home" match was with Carolina. Much interest was shown, and the sport promised to grow in popularity.

Coach "Red" Hicks, of the varsity, faced the task of building a team without a single letter man. Martin Bazemore, Captain-elect, and the only man to earn a letter in 1932, did not return to school. There were however, several promising candidates from the varsity ranks, and a number of men from last years freshman team which defeated Carolina in its only college match.

The most outstanding candidates for the various weights and their classes were: 118 pounds, Morrah, a Sophomore; 126 pounds, Kerr, a Sophomore; 135 pounds, Nolen, a Junior, and Bell, a Sophomore; 145 pounds, Cooper, a Junior, and Fortune, a Sophomore; 155 pounds, McLourin, a Junior; 165 pounds, Furr, a Sophomore, and Bernhardt, a Sophomore; 175 pounds, Clevenger, a Senior, and Croom, a Sophomore; heavyweight, Fry, a Senior, and Shaw, a Senior.

The large number of Sophomores and Juniors indicates that the team will be stronger next year with its added training and experience.

# **MILITARY**

Colonel Bruce Magruder Commandant

Military training, organized in a department called Reserve Officers Training Corps, is one of the main divisions of the college. Instruction in Military Science and Tactics is required of all Freshman and Sophomores and the advanced courses for Juniors and Seniors are optional. A student may receive a reserve commission and be assigned to reserve unit upon his completion of courses in military training, if he so desires.

The Federal government furnishes officers of the regular army as instructors and assist materially in supplying equipment and uniforms without cost. Those students taking advanced courses receive pay from the government.

# THE ALUMNI ATHLETIC TROPHY

The Alumni Athletic Trophy is awarded to the athlete voted by the students as being the best all-round and most outstanding athlete of the year. This cup replaces the Norris Trophy award which was discontinued in 1930.

Bud Rose, who was the captain of the 1932 basketball

team and who was named All-State guard for the second successive season, won this trophy. He was given an All-American mention in basketball this year. In addition to his basketball abilities, Rose was a star in football. He played end on the varsity team. Rose graduated last spring and lives in Marshall, Minn. This trophy becomes the permanent property of the winner.

# THE ELDER P. D. GOLD CITIZENSHIP MEDAL

The Elder P. D. Citizenship Medal is awarded annually to the Senior who is so adjudged the best all-round student of the College. The medal is given by Mr. Charles W. Gold

of Greensboro, an alumnus of the College, class of 1896. The medal is given in memory of Elder P. D. Gold, father of the donor. It does not stress any one phase of college life to the exclusion of others, but is intended to stimulate better citizenship on the part of State College students.

The trophy for 1932 was won by C. R. LeFort of Greenshoro. LeFort was president of the student body in 1932 and also played guard on the varsity football team.

# ORGANIZATIONS..

#### GROMECK

#### Student Government

The first Constitution of Student Government was granted by the Board of Trustees in 1921. Since that time its service to the administration of the college and its effect on the student body have made it an important factor in the life of the college.

Last year it instituted the Point System of Extra-curricular Activities. The purpose of the Point System is to limit the number of activities that any one student may take part in. These limitations make for more worth-while organizations and protect the student from undertaking more work than he can successfully perform. So far the Point System is succeeding remarkably well in its purpose.

The governing hody of Student Government consists of the House and the Student Council. The House is the Legislative Division. It is composed of the members of the Student Conneil, and another group elected as follows: Two members from each school elected from the Freshman Class at large. There are twenty-one members elected from the Sophomore, Junior, and Senior Classes. These are apportioned so that one-third shall come from each class.

The Executive Division is known as the Student Council, and is composed of sixteen members elected annually. There are three members from each school, with one member from the Freshman Class at large, elected at the end of the second term

The officers of the Council are Mark K. Wilson, President; Robin Williams, Vice-President; W. P. Kanto, Secretary; W. J. Barker, Treasurer.

#### Student Council

The Student Council receives, prefers, and tries all charges of violation of the Constitution and Laws of the Student Government; executes all laws according to the provisions therein; recommends and makes all Student Government disbursements, and investigates all rumors detrimental to the College or the students. The members of the 1932-1933 Council are:

#### SENIORS

Mark K. Wilson Robin M. Willeams L. M. Boswell

J. W. WEBB

C. T. Anderson

#### JUNIORS

Freshman Friendship Council

### **Publications Board**

The Publications Board consists of the personnel of The Agromeck, Technician and Wataugan. There is also a representative from the Student Council, and also two executive advisers who lend their aid in the solution of financing and other matters relative to publications,

These publications serve the college and the students, in addition to offering a good medium for the practice of journalism and business.

The members are:

F. H. Jeter.	Chairman
W. L. Mayer.	
II. L, Russ	
D. A. Torrence.	
II. A. McClung, Jr.	Technician
B. M. McConnell	Technician
A. L. Drumright	Watangan
R. S. Poole	
M. K. Wilson	Student Council

H. L. Russ Editor-in-Chief

D. A. Torrence Business Manager

### The 1933 Agromeck

The staff of The Agromeck presents this volume to you. Its contents have been made possible because of your presence and activity; to its composition we have given the best that is in us; we earnestly hope, and are sure that you will appreciate the effort that has gone into it.

We have met with more than the usual amount of difficulties, and we hope that we have surmounted most of them. We have made a few changes that we thought were for the better; and we are glad if you like them. We hope that you will charitably bury any defects which you may find in appreciation of the better points.

VANHOOK Moss Sharpe Kirkman

This brief resume of the 1932-33 campus newspaper offers an opportunity to present the ideals and purposes of the campus newspaper so that now and in years to come consideration may be given to the nature of this publication supported by the student body which may properly be regarded as having reached journalistic maturity after thirteen years of progress.

A complete, unbiased, interesting and well-arranged news record of the college community accompanied by editorial comment with the good of the student body at heart has been the goal this year. There have been shortcomings, but only through lack of time and talent, not through wavering of purpose. It is hoped that future directors of the paper will more nearly approach this ideal, in the belief that its fulfillment will mean much to the college. A good college newspaper can serve and improve.

D. W. MORRAH

R. S. Poole Business Manager

### The Wataugan

The pages of *The Watungan* contain the fruit of the literary and humorous talent at State College. In this campus publication will be found contributions ranging from dissertations on contemporary problems to the most ludicrous cartoons, all of which, with the exception of a few exchange jokes, are written or drawn by our own students.

The staff has labored diligently with best material available to produce a magazine at once attractive, interesting, and instructive. Their efforts have produced a *Wataugan* which ranks among the best of the college magazines.

This year's Wataugan differs in many essentials from the issues of previous years. We have incorporated numerous new principles which should make for a more interesting magazine. The physical format has been changed somewhat. Through editorial censorship, we have kept our humor within bounds, and in none of the criticisms directed at us has any mention been made of smut.

Our goal is a dynamic one. We strive for constant improvement—in other words, each issue *must* be superior to its predecessor. With this ideal in view, we have earried *The Wataugan* through another year. We hope you liked it!

A. D. WILLIAMSON Associate Editor

O. P. OWENS Business Manager

H. C. COLVARD Circulation Manager

### N. C. State Agriculturist

The N. C. State Agriculturist is a magazine published monthly by the agricultural students at State College. The magazine is financed by the Agricultural students, advertisers, and subscribers.

The Agriculturist had its birth in 1923 and made much progress until 1927. During these four years it depended only on advertisements and subscribers for expenses; because of this it was discontinued. The magazine came to life again in 1930 with an agreement that the agricultural students were to help finance it. Since that time it has been making great progress.

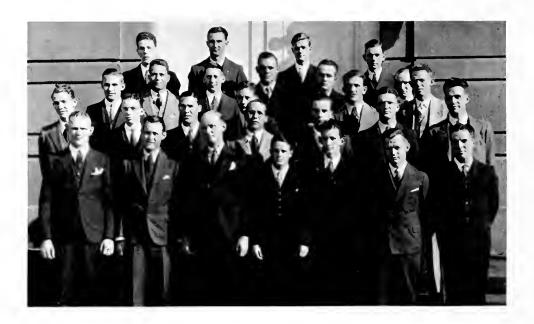

The purpose of the magazine is to establish closer contact with the students on the campus, farmers, and extension men in this State. With this purpose in view, it has tried to stay in the agricultural field. It is not confined to this State alone, but all agricultural colleges are familiar with this publication. On several occasions issues have been sent to England. From this, you can see what a great opportunity there is to advertise our college through this publication.

### New Student Committee

The purpose of the New Student Committee is to welcome the Freshmen to North Carolina State College and to help them get started in college life. The Committee meet the new men at the railroad and bus stations, furnish free transportation to the campus, help them locate their rooms, offer assistance at registration, and endeavor to make them feel at home at the college.

## Agricultural Club

The purpose of this club is to interest the agricultural students in practical agriculture and start them to working along progressive lines. Weekly meetings are held, at which practical topics are discussed. Essays dealing with specific problems are read and debates held on current agricultural questions. Prizes are given in various contests.

P. W. Price Director of Music

### Department of Music

Since its establishment at the College, the Department of Music has contributed in a large measure to the social and cultural life of the students. For years the college has been building up the band, with a view to making it representative of State College. The best instruments obtainable, including types of reed and brass instruments, orchestra bells, and xylophone have been purchased; and additions to this equipment is being made from time to time.

The department offers to all students a participation in instrumental and vocal musical activities. The band, glee club, orchestra, and quartet—all under the direction of Major Price—afford an opportunity for unlimited development in the appreciation of music.

Tours are arranged each year for the opportunity to appear before audiences in many parts of this and other states. These trips are made under the auspices of civic and welfare organizations.

CONCERT BAND

## Concert Band and Orchestra

The concert band is the smallest and most exclusive of the three bands—playing much more difficult music than the usual college band. It furnishes music for many of the important college functions. The orchestra supplements the programs of the glee club and very often plays its own programs unaccompanied.

ORCHESTRA

GLEE CLUB

## Glee Club and Quartet

The glee club presents both classical and popular numbers and opportunity is given for solo work. The quartet includes the best voices of the glee club and has become quite popular.

QUARTET

E. H. PAGET Coach

### **Forensics**

Since the last annual report was submitted for this yearbook, the debating squad has experienced one of its most active and successful seasons. The State College debate teams won high places in both the Pi Kappa Delta Tournament at Tulsa, Oklahoma and the Southern Association tournament at Asheville, North Carolina. The most prominent members of this year's squad are Lonnie M. Knott, W. E. Braswell, Frank Busbee, and Horace P. Cotton.

In the early Spring of 1932, State College introduced a new form of debating known as the Direct Clash debate. This new form has attracted attention in all parts of the nation. The National Association of Teachers of Speech invited the State College debaters to demonstrate the Direct Clash debate plan at their eighteenth annual convention in Los Angeles, California. This invitation was the first ever given to a student team in the entire history of the National Association. The debate was held in Los Angeles, December 29, 1932. A large audience, composed of debate coaches from all parts of the country, by a ratio of eleven to one voted the new form more stimulating and interesting than the standard debate. The clash was broadcasted over the Pacific Columbia network. A copy of the debate was requested by the editor of the Intercollegiate Debaters Yearbook for publication. This annual volume includes the eight or nine best debates delivered each year in the United States.

The most distinctive individual work during the last twelve months was achieved by Mr. Lonnie M. Knott who won the State title in extempore speaking, finished third in the National extempore speaking contest, and won the Southern Championship in both oratory and extempore speaking.

### ALPHA OMEGA CHAPTER

INSTALLED AT STATE, JANUARY 30, 1903

Kappa Alpha was founded at Washington and Lee University, Lexington, Virginia, December 21, 1865. It was at first intended to be perhaps a local organization and was named Phi Kappa Chi, but because of confusion with other fraternities was changed to Kappa Alpha. The fraternity was established with the idea of creating an organization to foster and maintain the manners, customs, and ideals of character and achievements of the southern people.

### RHO CHAPTER

INSTALLED AT STATE, 1921

Sigma Pi was founded at Vincennes University, Vincennes, Indiana, February 26, 1897 under the name of Tau Phi Delta, which two years later was changed to Sigma Pi. The purpose of Sigma Pi is to organize the most worthy activities, social, athletic, and scholarly, and to set a high standard of manliness and college loyalty.

### CHI CHAPTER

Phi Kappa Tau was founded at Miami University, March 17, 1906. The fraternity was founded for the purpose of working with other locals in breaking up a monopoly on elections held by the other fraternities. The national organization grew out of the friendly relations with an organization of similar ideals at Ohio University—the Ohio University Union.

### N. C. ALPHA CHAPTER

INSTALLED AT STATE, JUNE 9, 1924

Theta Kappa Nu was founded by a union of eleven well established local fraternities at a meeting held in Springfield, Missouri, June 9, 1924. These locals represented prominent colleges and universities in the south and west. One of the leaders at the Union meeting was Prof. W. S. Anderson, who at the time of the meeting was a member of the faculty at North Carolina State College. A local from North Carolina State was represented at the meeting.

### ZETA CHAPTER

INSTALLED AT STATE, JANUARY 22, 1925

Alpha Lambda Tau was founded by a group of men who first organized as the Alpha Lambda Club, the first fraternal organization at Oglethorpe University. After its reorganization in 1916, Alpha Lambda Tau soon became powerful on the campus and numbered on its roll some of the most influential students. Expansion has been slow and of a healthy nature, taking place mostly in the southeast.

# Alpha Sigma Sigma

### ALPHA CHAPTER

Colors: Green and Greener

FLOWER: Self Rising

Alpha Sigma Sigma, National Donkey Fraternity of "Outstanding Men" was founded at N. C. State College September, 1926. The purpose of the fraternity is to honor all of the peculiarly outstanding asinines of the year. The first national convention of Alpha Sigma Sigma was held this year in the office of the Agriculturist. The convention was held for the purpose of electing national officers and revising the constitution. It lasted until the Duke delegation arrived.

### NATIONAL OFFICERS

Grand Alpha	ANDY BECK	Chief FiniglerEd Toal.

# AGROMECK

### Just Between Ourselves

It has been a distinct privilege to sacrifice a few of the pleasures of college life in order to give our undivided effort to the production of the Agromeck.

We wish to thank all those members of the student body who have made our task less hard by their aid and coöperation.

We sincerely appreciate the help of Mr. F. H. Jeter and Mr. W. L. Mayer, who have given unreservedly of their time and knowledge.

We aeknowledge gratefully the services of:

Mr. J. H. Hardison, and Mr. A. M. Beck of Edwards and Broughton, our printers.

Mr. M. F. Dunbar, and Mr. W. A. Daniel, Jr., our photographers.

Mr. H. F. Mann of the Jahn and Ollier Engraving Co.

And lest we forget, we owe a debt of thanks to H. A. McClung, Jr., and the *Technician* Staff for their able assistance in bringing our announcements to the notice of the student body.

If you like the Agromeck, tell us about it. If you don't like it. we consign you to the nethermost regions with our compliments,

H. L. Russ,
Editor-in-Chief,
D. A. Torrence,
Business Manager,
A. H. Couch,
Managing Editor.

# $FOUNTAIN \\ and \\ LUNCHEONETTE \ SERVICE$

Joe Collitch: Do you take off anything for cash?

Saleslady: Sir!-Stone Mill.

"A lot of people will be made unhappy when I marry."
"Say, what are you a Mormon?"

Pika: How'd you get that cute little round mouth, sweet heart?

Tri Delt: From saying NO to other boys, darling.

"I've rung this doorbell for hours, and my girl won't answer."
"Make a noise like an ice man."—Log.

The absent-minded professor we'd like to meet is one who would lecture to his steak and cut his classes.—Juggler,

First High Hat: I think she must be spoiled.

Second Ditto: No. it's just the perfume she's using.—Middlebury Blue Baboon.

"Oh, I'm so sleepy! Is everything shut up for the night?"

"That depends on you-everything else is."

Mrs. Eskimo: Well, where have you been for the past six months?

Mr. Eskimo: My dear, I've just been sitting up with a sick friend.

Her Father: What do you mean by holding my daughter in your lap?

Bill Ledbetter: I'm afraid she'll play the piano and wake the neighbors.

First He: I said some very foolish things last night.

Second He: Whattsa matter? Drunk? No. 1: No. Her father came in suddenly. How was I to know he was a preacher?

Charlie Campus: Would you be interested in joining a fraternity?

Freddie the Freshman: No thanks, I've got some clothes of my own.—Exchange.

During a grouse hunt, two sportsmen were potting the birds from butts situated very close together.

Suddenly a red face showed over the top of one butt, and the occupant said, "Curse you, sir, you almost hit my wife just now."

"Did I?" said the man, aghast. "I'm terribly sorry—er—have a shot at mine over there."—The Student.

The modern wallflower is the girl who dances all the time.—Malteaser.

Chem. Prof: Come, come, give me the answer.

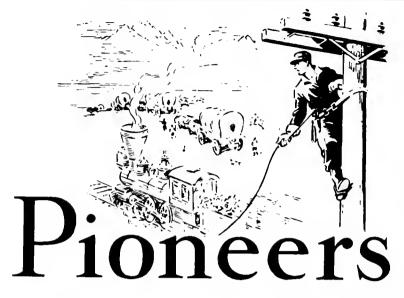

Student: I can't say, but it's on the tip of my tongue.

'Nother Student: My God, don't swallow it—it's arsenic!—Voo Doo.

We've just heard of the hero who named his baby Weatherstrip because he came just before the war and kept him out of the draft.—Phoenix.

\$12.50 SUITS 10% DISCOUNT TO STATE COLLEGE STUDENTS

# In the Progress of North Carolina

Only a few short years ago industry in North Carolina was unheard of . . . it was located at the source of power. It was therefore necessary that a state rich in raw materials, with an abundance of cheap labor and with a favorable year-round climate ship materials to industrial centers and deprive a large part of its population of needed employment.

With the advent of Electricity the situation was changed. Power was extended to locations where raw materials and labor were plentiful. Through the decentralization of industry, population, pay rolls and taxable wealth were added to our state. Our company points with pride to the part it has played in the progress of North Carolina through the extension of an abundant supply of cheap electric power for the development of industry.

# "Annuals on Parade"

If the thousands of annuals published by universities and colleges all over the country during the past ten years were assembled all in one place, you would find a very definite majority of them parading in Molloy Made Covers. And the Agromeck would not be far behind, because, during the past ten years ten copies of the Agromeck have carried covers made by the David J. Molloy Plant or its affiliate. The S. K. Smith organization. Now that the two organizations are combined under one roof, it can safely be said that there has been no break in the continuity of service to the Agromeck staff during the past ten years.

A flexible organization, prepared to serve any annual staff in connection with the development of an unusual cover, regardless of the financial problem which that staff might face from the standpoint of budget, regardless of the art theme which that staff may have in mind, is prepared to work for you. Complete information and data will be furnished on request, and your cover problem will receive the personal attention of a man who has spent more years in creating and producing annual covers than any other man in the country.

A. A. LUBERSKY, Vice President and Sales Manager
